Eligibility for Admission:

1. Complete a minimum of 25 credit hours of technical courses from the list of courses indicated on the front with at least a GPA of 2.75 and a grade of “C-” or better in each course (see item 5 below). No grades below a “C-” are acceptable toward the degree.

2. Complete a minimum of 26 hours of acceptable credit hours towards a BS Civil Engineering degree with at least a cumulative GPA of 2.20 (degree GPA) in all courses presented (transfer and UNM courses).

3. Complete English 1110 or English 1120 (or equivalent) with a grade of “C” or better.

4. Computation of Admission GPA and Cumulative GPA: Grades for all courses (or equivalents if transfer credit) will be used, including repeats, except where a grade replacement request has been submitted to and processed by the UNM Records Office.

5. UNM General Education Requirements apply to all students admitted into UNM. You must earn a grade of “C” or better (not “C-”) in any course that you intend to count toward fulfilling the UNM General Education requirements. The SOE degree program curriculum indicates which courses fulfill the UNM General Education: English 1110, Math 1512 and 1522, Chemistry 1215 and 1215L, and Physics 1310, listed on the reverse on the technical course list, are part of the UNM General Education Requirements.

6. Complete the grid based upon your transcript. Report all courses taken including repeats. The department will review and compute transfer work taken at universities which operate under the quarter system.

7. Return this application, your UNM unofficial transcript, and your degree audit to the Senior Academic Advisor, Cent 3012, in the Civil, Construction and Environmental Engineering Department.

8. Applications must go through three different individuals for review and signatures, so it may take 3-5 weeks for your application to be completely processed.

All applications are subject to departmental review and approval.  (rev 5/20)
Department of Civil, Construction and Environmental Engineering
Admission Application for CIVIL ENGINEERING Degree Program

>>>PLEASE READ THE OTHER SIDE OF THIS PAGE<<<

NOTE: Transfer Students and Non-degree students should NOT use this form.
You must apply through the UNM Admissions Office.
