

Nicholas N. Ferenchak, Ph.D., P.E.

Assistant Professor
 Department of Civil, Construction and Environmental Engineering
 University of New Mexico
 Centennial Engineering Center, Room 3050
 Albuquerque, NM 87131

P: (505) 277-2722
 F: (505) 277-1988
 ferenchak@unm.edu

Education

Ph.D. in Civil Engineering, University of Colorado Denver Secondary Concentration: Mathematical and Statistical Sciences	May 2018
M.A. in Geography & Planning, West Chester University Graduate Certificates in GIS and Urban and Regional Planning	December 2013
B.A. in Engineering Studies, Lafayette College Minor in Environmental Science	December 2009

Academic Experience

University of New Mexico

UTC Director: USDOT Center for Pedestrian and Bicyclist Safety	February 2023-Present
Assistant Professor	August 2018-Present

University of Colorado Denver

Research Assistant	September 2014-August 2018
Adjunct Professor	January 2015-May 2015

West Chester University

Adjunct Professor	January 2018-May 2018
-------------------	-----------------------

Refereed Reports

- 2023 1. **Nicholas N. Ferenchak**. (2023). *Countermeasures to Improve Pedestrian Safety on Arterials*. Transportation Consortium of South-Central States, University Transportation Centers Program, Louisiana State University, 22SAUNM18.
- 2022 2. **Nicholas N. Ferenchak**. (2022). *COVID-19 and Traffic Safety: Exploring Exposure, Crash Frequency and Severity, and Roadway and Network Design*. Transportation Consortium of South-Central States, University Transportation Centers Program, Louisiana State University, 21SAUNM02.
- 2021 3. **Nicholas N. Ferenchak**. (2021). *Autonomous Vehicle Communication Strategies Modeled in Virtual Reality*. Transportation Consortium of South-Central States, University Transportation Centers Program, Louisiana State University, 20ITSUNM03.
- 2020 4. **Nicholas N. Ferenchak** and G. Rowangould. (2020). *ABQ Streets Project: Creating Alternative Residential Street Designs*. Transportation Consortium of South-Central States, University Transportation Centers Program, Louisiana State University, 19PPUNM01.
5. **Nicholas N. Ferenchak**. (2020). *Enhancing Evaluation of Wildlife Detection Systems*. Transportation Consortium of South-Central States, University Transportation Centers Program, Louisiana State University, 19SAUNM03.
- 2019 6. **Nicholas N. Ferenchak**, W.E. Marshall, and B. Janson. (2019). *Redefining the Child Pedestrian Safety Paradigm*. Mountain Plains Consortium, University Transportation Centers Program, North Dakota State University, MPC-515.
7. **Nicholas N. Ferenchak**, W.E. Marshall, and B. Janson. (2019). *Reassessing Child Pedestrian Mode Choice & Safety via Perceived Parental Risk*. Mountain Plains Consortium, University Transportation Centers Program, North Dakota State University, MPC-557.

Publications

1. **Nicholas N. Ferenchak**. (2018). A Call for Proactive Road Design. *Vision Zero Cities: International Journal of Traffic Safety Innovation*, ed. 3.
2. Transportation Alternatives Data Exchange. (2014). *Transportation Alternatives and Transportation Enhancements 2013 Spending Report*. Washington, DC: Federal Highway Administration.

Unpublished Research (underline indicates that author is/was my student; * indicates funded)

Invited for Revision

1. **Nicholas N. Ferenchak** and A.J. Barney. Analyzing Access to Parks and Other Green Spaces on Walking, Biking, and Driving Networks Through a Socioeconomic Lens. *Local Environment*.

2. **Nicholas N. Ferenchak**, R.B. Osofsky, W. Simon, J. White, T. Reed, R. Clark, J. Paul, S. West, and R. Miskimins. Database integration identifies the effects of signalized street crossings on pedestrian injury. *Journal of Surgical Research*.
3. **Nicholas N. Ferenchak** and W.E. Marshall. Traffic Safety for All Road Users: A Paired Comparison Study of Small & Mid-Sized U.S. Cities with High/Low Bicycling Rates. *Journal of Cycling and Micromobility Research*.
4. K. Habib, L.L. Losada-Rojas, and **Nicholas N. Ferenchak**. A Review of the Impacts of Human Factors on Cycling: Workload, Behavior, and Perception. *Transportation Research Record: Journal of the Transportation Research Board*.

Under Peer Review

5. **Nicholas N. Ferenchak** and L.L. Losada-Rojas. The Impact of Communication Technologies on Emergency Notification and Response Times for Fatal Rural and Urban Motor Vehicle Collisions. *International Journal of Injury Control and Safety Promotion*.
6. A.R. Joshi*, **Nicholas N. Ferenchak**, and L.L. Losada-Rojas. Bus Rapid Transit as Arterial Corridor Traffic Calming: The Relationship Between Transit Infrastructure and Vehicle Operating Speeds. *Traffic Injury Prevention*.
7. **Nicholas N. Ferenchak**, B.N. Janson, and W.E. Marshall. Estimating Lives Saved and Serious Injuries Reduced by Bicycle Helmet Use in Colorado, 2006-2014. *International Journal of Injury Control and Safety Promotion*.

Drafted and Under Internal Review

8. **Nicholas N. Ferenchak** and A.R. Joshi*. Where Is Bus Rapid Transit (BRT) Most Effective at Improving Safety Outcomes? A Crash Analysis by Infrastructure Characteristics.
9. K. Nordback, S. Kothuri, B. Lan, G. Gibson, **Nicholas N. Ferenchak**, and W.E. Marshall. Bicyclist Safety Performance Functions for Road Segments in a U.S. City.
10. O. Tafoya* and **Nicholas N. Ferenchak**. Pedestrian Safety and Vehicle Design: Are SUVs and Pickup Trucks to Blame?
11. N. Ahangarfabrik, M. Honey, M. Swayne, B. Appleyard, **Nicholas N. Ferenchak**, and M. Carbajal. Evaluating California's Active Transportation Program: The Safety Benefits of Safe Routes and Crossings to School Projects in Santa Cruz, CA.

Conference Presentations (underline indicates that author is/was my student; * indicates funded)

- 2024
1. O. Tafoya* and **Nicholas N. Ferenchak**. (January 2024). Pedestrian Safety and Vehicle Design: Are SUVs and Pickup Trucks to Blame? Poster. *Transportation Research Board Annual Meeting*: Washington, DC.
 2. K. Habib, L.L. Losada-Rojas, and **Nicholas N. Ferenchak**. (January 2024). A Review of the Impacts of Human Factors on Cycling: Workload, Behavior, and Perception. Poster. *Transportation Research Board Annual Meeting*: Washington, DC.

3. **Nicholas N. Ferenchak.** (January 2024). Someone Call 911! The Impact of Communication Advances on Emergency Notification and Response Times for Fatal Rural/Urban Motor Vehicle Collisions. Poster. *Transportation Research Board Annual Meeting*: Washington, DC.
4. **Nicholas N. Ferenchak.** (January 2024). Traffic Safety in New Mexico. Lectern. *New Mexico Paving & Transportation Conference*: Albuquerque, NM.
- 2023 5. O. Sanchez Rodriguez* and **Nicholas N. Ferenchak.** (January 2023). Longitudinal Spatial Trends in U.S. Pedestrian Fatalities, 1999-2020. Poster. *Transportation Research Board Annual Meeting*: Washington, DC.
6. A.J. Barney and **Nicholas N. Ferenchak.** (January 2023). Analyzing Access to Parks and Other Green Spaces on Walking, Biking, and Driving Networks Through a Socioeconomic Lens. Poster. *Transportation Research Board Annual Meeting*: Washington, DC.
7. **Nicholas N. Ferenchak.** (January 2023). Automated Vehicle Noise Enforcement: Opportunities and Challenges. Lectern. *New Mexico Paving & Transportation Conference*: Albuquerque, NM.
- 2022 8. **Nicholas N. Ferenchak.** (October 2022). Next Steps for Making your Community More Walkable. Lectern. *American Planning Association – New Mexico Chapter Annual Meeting*: Albuquerque, NM.
9. E. Bia and **Nicholas N. Ferenchak.** (January 2022). The Impact of Bus Rapid Transit on Traffic Safety: A Case Study from Albuquerque, New Mexico. Poster. *Transportation Research Board Annual Meeting*: Washington, DC.
10. **Nicholas N. Ferenchak,** B. Janson, and W.E. Marshall. (January 2022). Adapting a Bicycle-Specific Helmet Effectiveness Factor (HEF) from the Motorcyclist Literature. Poster. *Transportation Research Board Annual Meeting*: Washington, DC.
- 2021 11. **Nicholas N. Ferenchak** and W.E. Marshall. (November 2021). Why Cities with High Bicycling Rates are Safer for All Road Users: An Analysis of Mid-Size Cities. Lectern. *International Cycling Safety Conference*: Lund, Sweden.
12. **Nicholas N. Ferenchak** and W.E. Marshall. (November 2021). Is Bicycling Getting Safer? Bicycle Fatality Rates (1985-2017) Using Four Exposure Metrics. Lectern. *International Cycling Safety Conference*: Lund, Sweden.
13. **Nicholas N. Ferenchak** and S. Shafique*. (August 2021). Pedestrians' Perceptions of Autonomous Vehicle External Human-Machine Interfaces. Lectern. *Bridging Transportation Researchers Conference*: Remote.
14. **Nicholas N. Ferenchak** and W.E. Marshall. (August 2021). Why Cities with High Bicycling Rates are Safer for All Road Users: An Analysis of Mid-Size Cities. Lectern. *World Symposium on Transport and Land Use Research*: Portland, OR.
15. **Nicholas N. Ferenchak** and S. Shafique*. (June 2021). Autonomous Vehicle Communication Strategies Modeled in Virtual Reality: Perceptions and Behaviors of

- Pedestrians and Human Drivers in Relation to External Human-Machine Interfaces. Lectern. *Tran-SET Conference*: Jonesboro, AR.
16. **Nicholas N. Ferenchak** and **S. Shafique***. (January 2021). Pedestrians' Perceptions of Autonomous Vehicle External Human-Machine Interfaces. Poster. *Transportation Research Board Annual Meeting*: Washington, DC.
 17. **B. Long** and **Nicholas N. Ferenchak**. (January 2021). Spatial Equity Analysis of Nighttime Pedestrian Safety: The Role of Land Use and Alcohol Establishments. Poster. *Transportation Research Board Annual Meeting*: Washington, DC.
 18. **Nicholas N. Ferenchak**, **R.E. Gutierrez***, and P.A. Singleton. (January 2021). The Role of Lighting Condition Across the Pedestrian Injury Severity Spectrum. Poster. *Transportation Research Board Annual Meeting*: Washington, DC.
 19. **Nicholas N. Ferenchak** and W.E. Marshall. (January 2021). The (In)Equitable Distribution of Bicycling Facilities & the Causality Dilemma with Socioeconomic Change. Poster. *Transportation Research Board Annual Meeting*: Washington, DC.
 20. **M.C. Cruz*** and **Nicholas N. Ferenchak**. (January 2021). Public Art and Transportation. Poster. *Transportation Research Board Annual Meeting*: Washington, DC.
 - 2020 21. **Nicholas N. Ferenchak**. (September 2020). Autonomous Vehicle Communication Strategies Modeled in Virtual Reality. Lectern. *Tran-SET Conference*: Albuquerque, NM.
 22. **Nicholas N. Ferenchak** and D. Hadwiger. (September 2020). Enhancing Evaluation of Wildlife Detection Systems. Lectern. *Tran-SET Conference*: Albuquerque, NM.
 23. **Nicholas N. Ferenchak** and G. Rowangould. (September 2020). ABQ Streets Project: Creating Alternative Residential Street Designs. Lectern. *Tran-SET Conference*: Albuquerque, NM.
 24. **Nicholas N. Ferenchak** and W.E. Marshall. (January 2020). Implementing Vision Zero: A Proactive Methodology for Building Communities for Kids. Poster. *Transportation Research Board Annual Meeting*: Washington, DC.
 25. **M.C. Cruz*** and **Nicholas N. Ferenchak**. (January 2020). Emergency Response Times for Fatal Motor Vehicle Crashes, 1975-2017. Poster. *Transportation Research Board Annual Meeting*: Washington, DC.
 26. **Nicholas N. Ferenchak** and W.E. Marshall. (January 2020). Is Bicycling Getting Safer for Adults? Age-Specific Bicycle Fatality Rates from Four Exposure Metrics, 1985-2017. Poster. *Transportation Research Board Annual Meeting*: Washington, DC.
 27. **T. Moe*** and **Nicholas N. Ferenchak**. (January 2020). Proactively Analyzing Nighttime Pedestrian Fatalities. Poster. *Transportation Research Board Annual Meeting*: Washington, DC.
 28. **Nicholas N. Ferenchak** and W.E. Marshall. (January 2020). Validation of Bicycle Level of Traffic Stress (LTS) and Perceived Safety: A Study of Children in Denver. Lectern. *Transportation Research Board Annual Meeting*: Washington, DC.

29. **Nicholas N. Ferenchak** and J. Hirsch. (January 2020). Enhancing Evaluation of Wildlife Detection Systems. Lectern. *New Mexico Paving & Transportation Conference*: Albuquerque, NM.
- 2019 30. **Nicholas N. Ferenchak** and S. Shafique*. (August 2019). Impact of Autonomous Vehicle-to-Pedestrian Communication on Safety Perceptions and Behavior. Poster. *Association of Pedestrian & Bike Professionals' Seminar*: Portland, OR.
31. **Nicholas N. Ferenchak**. (August 2019). Adopting Proactive Indicators of Pedestrian and Bicyclist Safety. Lectern. *Association of Pedestrian & Bike Professionals' Seminar*: Portland, OR.
32. **Nicholas N. Ferenchak** and W.E. Marshall. (June 2019). Implementing Vision Zero: Cities for Kids. Lectern. *Congress for the New Urbanism (Invited)*: Louisville, KY.
33. **Nicholas N. Ferenchak**. (April 2019). Impact of Autonomous Vehicle-to-Pedestrian Communication on Safety Perceptions and Behavior. Lectern. *Lifesavers National Conference on Highway Safety (Invited)*: Louisville, KY.
34. **Nicholas N. Ferenchak**. (January 2019). An Equity Analysis of Proactively- vs. Reactively-Identified Traffic Safety Issues. Lectern. *Transportation Research Board Annual Meeting*: Washington, DC.
35. **Nicholas N. Ferenchak** and W.E. Marshall. (January 2019). Adopting Proactive Indicators of Traffic Safety. Lectern. *New Mexico Paving & Transportation Conference*: Albuquerque, NM.
- 2018 36. **Nicholas N. Ferenchak**. (October 2018). Suppressed Child Pedestrian Trips as an Indicator of Safety: Adopting a Proactive Safety Approach in Denver. Lectern. *Walk21 Conference (Invited)*: Bogotá, Colombia.
37. **Nicholas N. Ferenchak**. (October 2018). Suppressed Bicycling Trips: A Proactive Safety Analysis of Children Biking to School. Lectern. *International Cycling Safety Conference (Invited)*: Barcelona, Spain.
38. **Nicholas N. Ferenchak** and W.E. Marshall. (September 2018). So Unsafe, It Seems Safe: Proactively Assessing Bicycle and Pedestrian Safety via Perceived Risk. Poster. *Walk Bike Places*: New Orleans, LA.
39. **Nicholas N. Ferenchak** and W.E. Marshall. (July 2018). So Unsafe, It Seems Safe: Reassessing Safety via Perceived Risk. Webinar. *ITE Webinar Series*.
40. **Nicholas N. Ferenchak** and W.E. Marshall. (May 2018). Exploring Neglected Safety Equity Issues. Lectern. *Congress for the New Urbanism*: Savannah, GA.
41. **Nicholas N. Ferenchak**. (April 2018). Does a Lack of Casualties Mean That You Are Safe? Using Parental Perceptions and Mode Choice to Explore Child Pedestrian and Bicyclist Safety to School. Lectern. *Lifesavers National Conference on Highway Safety (Invited)*: San Antonio, TX.

42. **Nicholas N. Ferenchak**. (February 2018). Parental Perceptions and Mode Choice to Explore Child Pedestrian & Bicyclist Safety. Poster. *Active Living Research Conference*: Banff, Alberta, Canada.
43. **Nicholas N. Ferenchak** and W.E. Marshall. (February 2018). The Relative (In)effectiveness of Bicycle Sharrows on Safety Outcomes. Poster. *Active Living Research Conference*: Banff, Alberta, Canada.
44. **Nicholas N. Ferenchak** and W.E. Marshall. (January 2018). Age-Specific Bicycling Safety Trends, 1985-2015. Poster. *Transportation Research Board Annual Meeting*: Washington, DC.
45. K. Nordback, S. Kothuri, B. Lan, G. Gibson, **Nicholas N. Ferenchak**, and W.E. Marshall. (January 2018). Bicyclist Safety Performance Functions for Road Segments in a U.S. City. Poster. *Transportation Research Board Annual Meeting*: Washington, DC.
46. **Nicholas N. Ferenchak** and M. Katirai. (January 2018). Pedestrian Crossing Behavior in Relation to Grouping and Gender in a Developing Country Context. Lectern. *Transportation Research Board Annual Meeting*: Washington, DC.
47. **Nicholas N. Ferenchak**. (January 2018). Suppressed Child Pedestrian and Bicycle Trips as an Indicator of Safety: Adopting a Proactive Safety Approach in Denver. Lectern. *Transportation Research Board Annual Meeting*: Washington, DC.
- 2017 48. **Nicholas N. Ferenchak** and W.E. Marshall. (September 2017). The Relative (In)Effectiveness of Bicycle Sharrows on Safety Outcomes. Lectern. *International Cycling Safety Conference*: Davis, CA.
49. **Nicholas N. Ferenchak**. (September 2017). Redefining Safe Streets Through a New Child Pedestrian Demand/Exposure Model. Lectern. *Walk21 Conference*: Calgary, Alberta, Canada.
50. **Nicholas N. Ferenchak**. (September 2017). Are Our Cities Making Our Roads Unsafe? The Impact of Land Use Configurations on Child Pedestrian Injuries. Poster. *Walk21 Conference*: Calgary, Alberta, Canada.
51. **Nicholas N. Ferenchak**. (September 2017). So Unsafe, It Seems Safe: Improving Child Pedestrian Safety Analyses with Latent Demand. Poster. *National Walking Summit*: St. Paul, MN.
52. **Nicholas N. Ferenchak**. (August 2017). So Unsafe, It Seems Safe: Reassessing Safety via Perceived Risk. Poster. *ITE Annual Meeting (Invited)*: Toronto, Ontario, Canada.
53. **Nicholas N. Ferenchak**. (April 2017). Are Our Cities Making Our Roads Unsafe? The Impact of Land Use Configurations on Child Pedestrian Crashes. Poster. *Transportation Research Forum*: Chicago, IL.
54. G. Gibson, K. Nordback, S. Kothuri, **Nicholas N. Ferenchak**, and W.E. Marshall. (January 2017). Motorist-Cyclists Crash Data Needs in U.S. Communities. Poster. *Transportation Research Board Annual Meeting*: Washington, DC.

- 2016 55. **Nicholas N. Ferenchak** and W.E. Marshall. (December 2016). Redefining the Child Pedestrian Safety Paradigm: Identifying High-Fatality Concentrations Around Parks. Lectern. *University Transportation Center Spotlight Conference*: Washington, DC.
56. **Nicholas N. Ferenchak** and W.E. Marshall. (December 2016). Relative (In)effectiveness of Bicycle Sharrows on Ridership and Safety Outcomes. Lectern. *University Transportation Center Spotlight Conference*: Washington, DC.
57. **Nicholas N. Ferenchak** and W.E. Marshall. (December 2016). Motorist–Cyclist Crash Data Needs in U.S. Communities. Lectern. *University Transportation Center Spotlight Conference*: Washington, DC.
58. B. Janson, W.E. Marshall, and **Nicholas N. Ferenchak**. (December 2016). Estimating Lives Saved and Injuries Reduced by Bicycle Helmet Use in Denver. Poster. *University Transportation Center Spotlight Conference*: Washington, DC.
59. **Nicholas N. Ferenchak** and W.E. Marshall. (September 2016). Redefining the Child Pedestrian Safety Paradigm: Identifying High Fatality Concentrations in Urban Areas. Lectern. *Pro Walk/Pro Bike/Pro Place*: Vancouver, British Columbia, Canada.
60. **Nicholas N. Ferenchak** and W.E. Marshall. (September 2016). The Relative (In)Effectiveness Of Bicycle Sharrows On Safety Outcomes. Lectern. *Pro Walk/Pro Bike/Pro Place*: Vancouver, British Columbia, Canada.
61. **Nicholas N. Ferenchak** and W.E. Marshall. (February 2016). Redefining the Child Pedestrian Safety Paradigm: Identifying High Fatality Concentrations Around Parks. Poster. *Active Living Research Conference*: Clearwater Beach, FL.
62. **Nicholas N. Ferenchak** and W.E. Marshall. (February 2016). The Relative (In)Effectiveness of Bicycle Sharrows on Ridership and Safety Outcomes. Poster. *Active Living Research Conference*: Clearwater Beach, FL.
63. **Nicholas N. Ferenchak** and W.E. Marshall. (January 2016). Relative (In)Effectiveness of Bicycle Sharrows on Ridership and Safety Outcomes. Poster. *Transportation Research Board Annual Meeting*: Washington, DC.
64. **Nicholas N. Ferenchak** and M. Katirai. (January 2016). Understanding Pedestrians' Proclivity for Risk: Case Study of Bangalore, India. Poster. *Transportation Research Board Annual Meeting*: Washington, DC.
- 2015 65. **Nicholas N. Ferenchak**. (September 2015). Child Pedestrian Safety: Examining Opportunities for Improvements around Parks. Poster. *Association of Pedestrian & Bike Professionals' Seminar*: St. Louis, MO.
66. **Nicholas N. Ferenchak** and W.E. Marshall. (July 2015). Spontaneous Order of Pedestrian and Vehicle Interactions in Shared Spaces. Lectern. *ITE Western District Meeting*: Las Vegas, NV.
67. **Nicholas N. Ferenchak** and M. Katirai. (July 2015). Commute Mode and Mental Health in Major Metropolitan Areas. Lectern. *ITE Western District Meeting*: Las Vegas, NV.

68. W.E. Marshall and **Nicholas N. Ferenchak**. (May 2015). The American Story of Inequitable Road Safety Outcomes. Lectern. *Congress for the New Urbanism*: Dallas, TX.
69. **Nicholas N. Ferenchak**. (April 2015). Locating and Addressing our Child Pedestrian Fatalities within Denver. Poster. *Spring Transportation Symposium*: Denver, CO.
70. **Nicholas N. Ferenchak**. (January 2015). Motorized Two-Wheelers in Indian Cities: Case Study of Pune. Poster. *Transportation Research Board Annual Meeting*: Washington, DC.
- 2014 71. A. Mahendra, R. Chanchani, and **Nicholas N. Ferenchak**. (September 2014). Motorized Two-Wheelers in Indian Cities: A Boon, a Bane, or Both? Webinar. *World Resources Institute Webinar Series*: Bangalore, India.
- 2013 72. **Nicholas N. Ferenchak** and M. Katirai. (October 2013). Commute Mode and Mental Health in Major Metropolitan Areas. Lectern. *Pennsylvania Geographical Society Annual Meeting*: Pittsburgh, PA.
73. **Nicholas N. Ferenchak**. (July 2013). Transportation Alternatives Certificate of Excellence. Lectern. *Transportation Alternatives Professional Seminar*: Greenville, SC.

Academic Honors

UNM Ovation Award for Research & Scholarship	September 2023
UNM CCEE Stamm Award for Outstanding Research	May 2023
USDOT Sec. Pete Buttigieg and US Sens. Heinrich and Lujan Roundtable	April 2023
ITE Mountain District Outstanding Transportation Educator Award	June 2021
UNM SOE Junior Faculty Teaching Excellence Award	April 2020
Lee Schipper Memorial Scholarship Honorable Mention	August 2018
German Academic Exchange Service Scholarship Selection	April 2018
Eisenhower Best Presentation Award at Transportation Research Board	January 2018
FHWA Eisenhower Graduate Transportation Fellow	December 2017
Eno Future Leaders Development Conference Fellow (<i>Tom Larson Fellow</i>)	June 2017
National Walking Summit Scholarship	April 2017
CO/WY ITE Leadership Scholarship	December 2015
FHWA Eisenhower Graduate Transportation Fellow	July 2015
Association of Pedestrian & Bicycle Professionals' Seminar Paper Award	July 2015
ITE Western District Student Paper Award	May 2015
Congress for the New Urbanism Scholarship	March 2015
CO/WY ITE Graduate Scholarship	December 2014

Funding Secured

(Total project funding = \$17,778,362; Share I'm responsible managing = \$15,598,795; My research = \$5,481,795)

Center for Pedestrian and Bicyclist Safety (Center Director)	
US DOT: \$10,000,000 + \$5,000,000 non-federal (\$4,950,000 UNM share)	June 2023-May 2028
NCHRP 07-31: DOT & Tribal Active Transport Data: Practices, Sources, and Gaps (co-PI; PI: Jennifer Dill, Portland State University)	
NCHRP: \$800,000 (\$46,780 UNM share)	April 2023-October 2025

NCHRP 17-115: Guide for Marked Crosswalk Design, Spacing, Placement, and Safety (SME; PI: Sarah Worth O'Brien, University of North Carolina)
NCHRP: \$500,000 (\$13,573 UNM share) April 2023-April 2026

Countermeasures to Improve Pedestrian Safety on Arterials (PI)
Tran-SET UTC & NMDOT: \$115,000 April 2022-September 2023

Pedestrian Infrastructure & ADA Compliance: Leveraging Spatial Technology (co-PI; PI: Wesley Marshall, University of Colorado Denver)
Mountain-Plains Consortium UTC: \$257,822 (\$20,000 UNM share) January 2022-June 2023

COVID-19 and Traffic Safety: Role of Infrastructure and Exposure (PI)
Tran-SET UTC: \$50,000 August 2021-December 2022

NCHRP 17-97: Strategies to Improve Pedestrian Safety at Night (SME; PI: Kristof Devastey, Toole Design)
NCHRP: \$500,000 (\$6,142 UNM share) June 2021-June 2024

The (In)Equitable Distribution of Quality Bicycling Infrastructure (Co-PI; PI: Wesley Marshall, University of Colorado Denver)
TriDurLE UTC: \$50,000 (\$20,000 UNM share) June 2021-May 2022

Enhancing National Rail Safety: Modeling Grade Crossing Treatments in Virtual Reality (PI)
Federal Railroad Administration: \$100,000 September 2020-May 2022

Autonomous Vehicle Communication Strategies Modeled in Virtual Reality (PI)
Tran-SET UTC: \$60,000 August 2020-February 2022

Autonomous Vehicle Communication Strategies Modeled in Virtual Reality (PI)
Research Allocations Committee: \$1,300 November 2019-April 2021

ABQ Streets Project: Creating Alternative Residential Street Designs (co-PI; PI: Greg Rowangould, University of New Mexico)
Tran-SET UTC: \$50,000 August 2019-February 2021

Enhancing Evaluation of Wildlife Detection Systems (PI)
Tran-SET UTC: \$40,000 August 2019-February 2021

Balloon Fiesta Transportation Analysis and Planning Assistance (Co-PI; PI: Claude Morelli, University of New Mexico)
Albuquerque International Balloon Fiesta: \$64,500 January 2019-August 2019

Dwight D. Eisenhower Transportation Fellowship (PI)
FHWA: \$11,500 December 2017-December 2018

Pedestrian Safety: Latent Demand & Exposure Modeling (Author & Researcher)
Mountain-Plains Consortium UTC (#557): \$75,000 December 2017-March 2019

Redefining the Child Pedestrian Safety Paradigm (Author & Researcher)
Mountain-Plains Consortium UTC (#515): \$67,740 August 2016-September 2018

Dwight D. Eisenhower Transportation Fellowship (PI)
FHWA: \$35,500
July 2015-July 2016

Leadership Positions

TRB Pedestrian Committee (ACH10)
Committee Research Coordinator March 2018-Present
Committee Member March 2020-Present
Paper Review Coordinator August 2020-Present

TRB Bicycle Transportation Committee (ACH20)
Committee Member April 2021-Present

MRCOG Regional Transportation Safety Action Plan
Technical Team July 2023-Present

Albuquerque Bikeways and Facilities Master Plan
Stakeholder Advisory Committee January 2023-Present

NMDOT Pedestrian Safety Task Force
Member November 2022-Present

TRB Transportation-Related Noise and Vibration Committee (AEP80)
Committee Volunteer October 2022-Present

ABQ RIDE Forward Network Plan
Stakeholder Advisory Committee September 2022-Present

Institute of Transportation Engineers
Student Chapter: Faculty Advisor May 2019-Present

TRB Bicycle and Pedestrian Data Subcommittee (ACP70-3)
Communications Manager June 2017-June 2022

BikeABQ
Board Member at Large January 2022-April 2022

Congress for the New Urbanism
Research Paper Call Lead October 2017-November 2020

Young Professionals in Transportation
International Board: Director of Programs October 2016-October 2018

Institute of Transportation Engineers
Student Chapter: Vice President December 2014-March 2016

Women's Transportation Seminar
Student Chapter: Vice President January 2015-March 2016

Research Panel Service

BTSCR-09: Influence of Infrastructure Design on Distracted Driving Sept. 2018-Apr. 2022

Courses Taught

1. Study Abroad: Transportation Systems in the Netherlands (CE 491/598) Summer 2023
Instructor's Overall Effectiveness: 4.93/5.00
Comfort Approaching Instructor: 5.00/5.00
2. Urban Transportation Planning (CE 481/581) Spring 2023
Instructor's Overall Effectiveness: 4.70/5.00
Comfort Approaching Instructor: 4.90/5.00
3. Surveying and Geomatics (CE 283) Spring 2022
Instructor's Overall Effectiveness: 4.75/5.00
Comfort Approaching Instructor: 4.63/5.00
4. Transportation Engineering (CE 382) Fall 2021
Instructor's Overall Effectiveness: 4.94/5.00
Comfort Approaching Instructor: 4.94/5.00
5. Urban Transportation Planning (CE 481/581) Fall 2021
Instructor's Overall Effectiveness: 5.00/5.00
Comfort Approaching Instructor: 4.91/5.00
6. Surveying and Geomatics (CE 283) Spring 2021
Instructor's Overall Effectiveness: 4.82/5.00
Comfort Approaching Instructor: 5.00/5.00
7. Transportation Engineering (CE 382) Fall 2020
Instructor's Overall Effectiveness: 4.76/5.00
Comfort Approaching Instructor: 4.88/5.00
8. Transportation Safety (CE 491/598) Spring 2020
Instructor's Overall Effectiveness: 4.64/5.00
Comfort Approaching Instructor: 4.72/5.00
9. Transportation Engineering (CE 382) Fall 2019
Instructor's Overall Effectiveness: 4.94/5.00
Comfort Approaching Instructor: 4.94/5.00
10. Transportation Safety (CE 491/598) Spring 2019
Instructor's Overall Effectiveness: 5.00/5.00
Comfort Approaching Instructor: 5.00/5.00
11. Highway & Traffic Engineering (CE 482/582) Fall 2018
Instructor's Overall Effectiveness: 3.67/5.00
Comfort Approaching Instructor: 4.33/5.00

Academic Presentations

Guest Lecture: CRP 543 (Transport Planning): *University of New Mexico* April 13, 2023

Guest Lecture: CE 160 (Civil Eng. Design): <i>University of New Mexico</i>	March 23, 2023
Guest Lecture: CE 160 (Civil Eng. Design): <i>University of New Mexico</i>	November 1, 2022
Guest Lecture: CE 160 (Civil Eng. Design): <i>University of New Mexico</i>	March 24, 2022
Guest Lecture: CE 160 (Civil Eng. Design): <i>University of New Mexico</i>	September 28, 2021
Guest Lecture: CE 691 (Graduate Seminar): <i>University of New Mexico</i>	September 1, 2021
Guest Lecture: CRP 543 (Transport Planning): <i>University of New Mexico</i>	April 27, 2021
Guest Lecture: CE 691 (Graduate Seminar): <i>University of New Mexico</i>	February 10, 2021
Guest Lecture: CE 160 (Civil Eng. Design): <i>University of New Mexico</i>	February 2, 2021
Guest Lecture: CE 691 (Graduate Seminar): <i>University of New Mexico</i>	September 9, 2020
Guest Lecture: CRP 543 (Transport Planning): <i>University of New Mexico</i>	November 20, 2019
Guest Lecture: CE 691 (Graduate Seminar): <i>University of New Mexico</i>	November 20, 2019
Guest Lecture: CRP 543 (Transport Planning): <i>University of New Mexico</i>	November 20, 2018
Guest Lecture: CE 691 (Graduate Seminar): <i>University of New Mexico</i>	September 12, 2018
Guest Lecture: PLN 320 (Land Use Planning): <i>West Chester University</i>	October 4, 2017

Students Advised – Faculty Advisor

	Graduated	In Progress	Dropped Out
PhD	0	1	2
MS	4	3	1
BS	4	1	0

PhD Students

1. Ashish Joshi: PhD Civil Engineering. *Identifying and Addressing Barriers to Bus Rapid Transit (BRT) Utilization: A Case Study of Albuquerque Rapid Transit*. Anticipated Graduation May 2025 [has passed comprehensive exam and has authored 2 papers under peer review].
2. Sheheryar Shafique: PhD Civil Engineering. *Usability of External Human-Machine Interfaces in Autonomous Vehicle-Human Road User Interactions*. Dropped Out in December 2021 [had passed comprehensive exam, was PhD candidate, and had published 1 paper. Had family health issues associated with COVID and was unable to continue with his PhD.].
3. Fausto A.R. Bravo: PhD Civil Engineering. *Can Planning Improve Transportation in Ecuador? Comparison to Transportation Planning in The United States*. Dropped Out in December 2021 [had passed comprehensive exam and was a PhD candidate. Support was cut by government of Ecuador during COVID].

MS Students

4. Olivia Tafoya: MS Civil Engineering. Anticipated Graduation December 2024.
5. James Rawson: MS Civil Engineering. Anticipated Graduation December 2024.
6. Ossiris Sanchez Rodriguez: MS Civil Engineering. Anticipated Graduation May 2024.
7. Martina Mercure: MS Civil Engineering. *The Relationship Between Bus Rapid Transit and Traffic Safety*. Graduated May 2023.

8. Maria C. Cruz: MS Civil Engineering. *The Impact of Murals on Traffic Safety: A Behavior and Crash Analysis*. Graduated December 2022.
9. Max H. Dowis: MS Civil Engineering. Dropped Out in December 2021.
10. Amir Tarighi: MS Civil Engineering. *Nighttime Pedestrian Fatalities Across the United States and Their Relationship with Built Environment and Socioeconomic Factors: GIS-Based Analysis and Assessment*. Graduated May 2021.
11. Risa E. Gutierrez: MS Civil Engineering. *Evaluating Public Transit Accessibility in Albuquerque, New Mexico: A Fixed-Route Bus Service Analysis*. Graduated December 2020.

BS Students (each has published a peer-reviewed research paper)

12. Olivia Tafoya: BS Civil Engineering, TRB Minority Student Fellowship. *Pedestrian Safety and Vehicle Design: Are SUVs and Pickup Trucks to Blame?* Anticipated Graduation December 2023.
13. Ossiris Sanchez Rodriguez: BS Civil Engineering, TRB Minority Student Fellowship. *Longitudinal Spatial Trends in U.S. Pedestrian Fatalities, 1999-2020*. Graduated May 2023.
14. Esther Bia: BS Civil Engineering, TRB Minority Student Fellowship. *The Impact of Bus Rapid Transit Construction and Infrastructure on Traffic Safety: A Case Study from Albuquerque, New Mexico*. Graduated December 2022.
15. Benson Long: BS Civil Engineering, TRB Minority Student Fellowship. *Spatial Equity Analysis of Nighttime Pedestrian Safety: The Role of Land Use and Alcohol Establishments in Albuquerque, NM*. Graduated December 2021.
16. Maria C. Cruz: BS Civil Engineering, TRB Minority Student Fellowship. *Emergency Response Times for Fatal Motor Vehicle Crashes, 1975-2017*. Graduated May 2021.

Students Advised – Dissertation/Thesis Committee

1. Gena Robertson: MS Civil Engineering. *Field Evaluation of E-ticketing Technologies for Efficient Asphalt Delivery Ticket Collection and Quantity Calculation*. Anticipated Graduation August 2023. Principal Advisor: Dr. Susan Bogus Halter, University of New Mexico.
2. Kristal Metro: PhD Civil Engineering. *Workforce Resiliency for Construction Careers in State Departments of Transportation*. Anticipated Graduation May 2022. Principal Advisor: Dr. Susan Bogus Halter, University of New Mexico.
3. Abiral Dulal: MS Civil Engineering. *Exploring the Relationship Between Traffic Operations and Vehicles Emissions at An Isolated Signalized Intersection*. Graduated May 2021. Principal Advisor: Dr. Haobing Liu, University of New Mexico.
4. Alexis Corning-Padilla: MS Civil Engineering. *Evaluating Sustainable & Equitable Financing for Pedestrian Infrastructure Maintenance and How the Quality of Pedestrian Infrastructure Affects the Choice to Walk*. Graduated August 2019. Principal Advisor: Dr. Greg Rowangould, University of New Mexico.

5. Razieh Nadafianshahamabadi: PhD Civil Engineering. *Long-Range Transportation Plan Efficacy in the Creation of Sustainable Regional Transportation Systems*. Graduated May 2019. Principal Advisor: Dr. Greg Rowangould, University of New Mexico.
6. Julia L. Seymour: MS Civil Engineering. *Evaluating Transportation Project Forecasts and Travel Demand Model Inaccuracies*. Graduated May 2019. Principal Advisor: Dr. Greg Rowangould, University of New Mexico.

Workshops Attended

- National Science Foundation Day-New Mexico: *University of New Mexico* August 29, 2018
 Integrating Bike-Ped Topics into University Courses: *Portland State Uni.* June 19-20, 2018

Books Citing Research

Outreach Activities

TRB Minority Student Fellows Program: Organizer & Faculty Advisor	2018-Present
Dwight Eisenhower Transportation Fellowship: Organizer & Faculty Advisor	2018-Present
SOE Open House Participant	October 2023
21 st Annual New Mexico Summer Transportation Institute	July 2023
MRCOG/NMLTAP Planning and Designing for Pedestrian Safety Workshop	May 2023
UNM Engineers Without Borders: DOE Solar Decathlon Advisor	October 2022-May 2023
New Mexico Paving & Transportation Conference Organizer	2019-Present
UNM CCEE Graduate Committee	2018-Present
SOE Open House Participant	October 2022
20 th Annual New Mexico Summer Transportation Institute	June 2022
Moderator of Bridging Transportation Researchers Conference	August 2021
19 th Annual New Mexico Summer Transportation Institute	June 2021
SOE Open House Participant	November 2020
Civil Engineering Night Open House Participant	October 2020
Tran-SET UTC Conference Organizer	2019
17 th Annual New Mexico Summer Transportation Institute	July 2019
Future City Competition (Middle School Design Competition): Judge	January 2019

Patents

Nicholas N. Ferenchak. Patent #17328327: Self-Contained Autonomous Vehicle Noise Pollution Detection and Recording Device. (Under review since May 2020).

Professional

Professional Certification

- | | |
|---|----------------|
| Professional Engineer (#25737)
State of New Mexico | August 2019 |
| Engineer Intern (EI #5142)
State of Delaware | September 2016 |

Professional Experience

- Not A-Loud LLC: *Albuquerque, New Mexico* December 2019-Present
Founder of company developing and implementing automated vehicle noise enforcement devices and systems.
- McMahon Associates: *Exton, Pennsylvania* June 2016-June 2017
Produced innovative multimodal transportation solutions out of the Traffic Department as both a transportation engineer and transportation planner.
- World Resources Institute: *Bangalore, India* June 2014-September 2014
Defined key performance indicators for EMBARQ India to ensure that all populations have safe access to transportation facilities. Created a report on motorized two-wheelers in India.
- National Transportation Alternatives Clearinghouse: *Washington, D.C.* May 2013-July 2014
Provided bicycle and pedestrian guidance for the Transportation Alternatives Program.
- Jeppesen: *Englewood, Colorado* February 2014-June 2014
Created digital navigation tools in a GIS SDE environment.
- Chester County Planning Comm.: *West Chester, Pennsylvania* April 2013-December 2013
Aided with a grant program, transit plan, and bicycle and pedestrian circulation plan.
- The Rails-to-Trails Conservancy: *Washington, District of Columbia* May 2013-August 2013
Created an objective measurement tool through GIS, dependent on measures of connectivity, which accounts for the benefits of trail systems.
- Valley Forge Transportation Mgmt. Assoc.: *Wayne, Pennsylvania* October 2012-May 2013
Investigated a park and ride system for the Pennsylvania Department of Transportation.
- Lafarge: *Whitehall, Pennsylvania* June 2010-August 2012
Analyzed chemical and physical properties of cements, raw materials, and fuels.

Professional Projects

- East-West Trail: Plan & Conceptual Designs
- East Whiteland Township Official Map: Functional Classification Recommendations
- East Whiteland Township Transportation Impact Fee Study: Transportation Impact Analysis
- Exeter Traffic Calming: Study & Alignment Recommendations
- Malvern Multimodal Study: Inventory & Public Input
- Paoli Pike Trail Master Plan: Public Input, Inventory, & Conceptual Designs
- Twelve Multimodal Transportation Fund Grant Applications

Professional Honors

Marshall Planning Award - Chester County Association of Township Officials	March 2013
Planning Award Recognition - PA State Senator Andrew Dinniman	March 2013
Planning Award Recognition - PA State Representative Duane Milne	March 2013

Professional Grants Secured

(Successful grants I wrote with McMahon Associates for planning/design/construction of transportation projects)

Abington Complete Streets Plan	November 2017
<i>PA DCED Multimodal Transportation Fund</i>	\$1,000,000
New Garden Township Intersection Realignment	November 2017
<i>PA DCED Multimodal Transportation Fund</i>	\$600,000
Northampton Township Richboro Sidewalk Connections	November 2017
<i>PA DCED Multimodal Transportation Fund</i>	\$500,000
Towamencin Township SR 0063 Improvement Project	November 2017
<i>PA DCED Multimodal Transportation Fund</i>	\$825,000
Easttown Adaptive Traffic Signal System	June 2017
<i>PennDOT Automated Red Light Enforcement Grant</i>	\$553,329
Philmont Avenue SEPTA Parking Garage	February 2017
<i>PennDOT Multimodal Transportation Fund</i>	\$2,000,000

Professional Memberships

Institute of Transportation Engineers	August 2018-Present
<i>Mountain District: New Mexico Chapter</i>
