*Course allowed for graduate credit to students enrolled in a graduate program. Normally, a graduate student enrolled in a starred course number below 500 is required to do extra work.

Note: Other electives may be available. Students should discuss other electives with their faculty advisor.

Note: Refer to section 3.5 of this manual. Some courses listed above have both undergraduate and graduate sections (e.g., CE474/574). If a student has taken the undergraduate version of any listed course and applied this course to their undergraduate degree, they may not take the graduate version of the course for graduate credit. Students should work with their faculty advisor and find a substitute.
